

ALL-NEW
AVID

Ascend GT™

RAIN OR SHINE

ALL-SEASON CONFIDENCE

We've taken the AVID Ascend™ to a new level and created the all-new, next-generation AVID Ascend GT™. And with 54 H- and V-rated sizes that brake shorter in the rain and snow, run quieter and last longer, just think of it as the AVID Ascend on steroids.

ALL-NEW AVID Ascend GT™

QUICK REFERENCE GUIDE

SHORTER WET BRAKING

ASYMMETRIC TREAD DESIGN

With an all-new asymmetric tread design, the groove arrangement is engineered to provide aggressive traction on wet roads.

SHORTER SNOW BRAKING

MULTIPLE 3D SIPES AND NOTCHED BLOCKS

Thanks to hundreds of 3D sipes and a notched block design, your customers will experience a significant improvement in grip on snowy roads.

QUIETER RIDE

OUTSIDE ADAPTIVE SHOULDER

An adaptive outside shoulder provides stability to the shoulder blocks assuring even wear and a smoother, quieter ride throughout the life of the tire.

LONGER TREAD LIFE

TriBLEND COMPOUND

An all-new TriBLEND compound and an ultra-square contact patch produce long, even wear that retains its all-season traction.

SATISFACTION

30 DAY TRIAL
GUARANTEED

GUARANTEED SATISFACTION

If within 30 days your customers are not completely satisfied, they can return their tires for a full refund. And our limited treadwear warranty covers your customers for the first 65,000 miles.
